Super Cedar Disks Start Rip-Roaring Fires Every Time

Safe, clean Super Cedar™ fire starters blaze up in seconds and burn for up to 30 minutes, even when they're wet – perfect for starting campfires, wood stoves, barbecues and more! Usually, a quarter or a half of one does the job. The 4" disks are made from non-toxic cedar sawdust and refined wax. USA.

10072 30-pack \$24.95
10111 100-pack \$69.95

Long-Reach Forks Keep Hands Cool

Our hand-forged forks make toasting marshmallows or roasting a hot dog easy! Basket-style spiral twist handle and hammer marks of the blacksmith's craft decorate these beautiful tools. 32" L. USA.

1440 Two-Prong Fork \$29.95
10241 Two-Prong, set of two \$58.95
1755 Four-Prong Fork \$34.95

Hearth

The Best Fire Starter You'll Ever Use – Guaranteed!

Loaded with resins that ignite instantly, fatwood is nature's best kindling. Cut from pine stumps left after logging, fatwood burns with an intense heat. Gets fires going quickly, even when your firewood is damp. Great for wood stoves, fireplaces or campfires. Imported.

1059 10 lb. Box \$12.95 1932 12 lb. Bag \$16.95
1171 25 lb. Box \$27.95

- 100% all-natural, full of quick-burning pine resin
- Ignites instantly for an intense, sustained flame
- Quick and easy: just two sticks start a roaring fire, saving you time and money
- No more dirty kindling, crumpled newspapers or dangerous chemicals
- Great for fireplaces, wood stoves, barbecues, campfires and more!

New! KoalKeeper™ Keeps Your Fire Going

What a great invention! Cutouts in this steel shovel let you to separate good coals from ash. That means you keep embers necessary to get the fire going again once the stove is clean, and you can be sure you aren't accidentally throwing burning coals in your ash can. USA.

10188 KoalKeeper™ \$14.95
